Section 02-00181-GS  
Pontoon Road Grade Separation

Dear Mr. Berry:

In regards to the above-mentioned project, Granite City plans to bid the first package this summer. Given the time constraints associated with the overall project, certain elements of this project could begin construction and the overall construction schedule will benefit from starting as soon as possible. As discussed with Joe Juneau, the allocation of the mentioned \$4,000,000 will be utilized to begin construction of this first package.

If you have any questions, please do not hesitate to call.

Respectfully submitted,

JUNEAU ASSOCIATES, INC., P.C.
